

Local Church Celebrates 50th Birthday Sunday

On the basis of Hebrews 13:8 "Jesus Christ the same yesterday, and today, and forever," Rev. A. E. Rime of Concordia College, Edmonton, directed the attention of the members and friends of the Redeemer Lutheran Church to the many rich blessings they had received from God during the past fifty years. In his sermon Rev. Rime briefly outlined the history and growth of Lutheran work in this parish. Though many things in the world change, one thing remains the same - Jesus Christ and His Gospel. Though we may expect numerous changes in the future, this one thing will ever remain - Jesus Christ and His Gospel. Thus, he encouraged the congregation to continue faithfully in the work of the Lord.

The golden anniversary service on Sunday, February 2nd, was attended by 232 people, with 115 partaking of Holy Communion.

In the evening, under the auspices of the Redeemer Walthers League and directed by Erhard Reinhardt, an anniversary program was presented in the church basement. Various musical numbers were rendered by members of the league and congregation. Four of the Leaguers were dressed in clothing dating back to the turn of the century. Pictures of the early beginning and growth of the work were shown, as also pictures of the building of the new church in Didsbury.

Pastor Fox read letters received from the various pastors that had served in this parish: Rev. Walter Albrecht, who had organized the Westcott congregation and served them from 1906 to 1907, sent congratulatory remarks from his home in Springfield, Ill.; Rev. P. W. Falkenroth, who served from 1907 to

1910, now retired in Indianapolis; voiced his prayer that the congregation would continue to glorify God's blessings; Rev. M. H. Bertman, professor of Concordia Senior College, Fort Wayne, Indiana, and who had served from 1910 to 1912, also extended his message of congratulations; Pastor Theo. Dannefeldt, who had served from 1912 to 1915, has in the course of the years entered his eternal rest; Rev. S. Thies of Hanford, Calif., who had served from 1915 to 1918, in his letter recalled many incidents of his ministry in this parish; since Pastor W. Krenzel, who had served from 1918 to 1922, also has been deceased, no letter was received from him; during 1922 to 1930 Rev. C. J. Nielsen served as pastor, and he also expressed his prayer that Redeemer would continue to flourish; Rev. J. J. Kuring, now at Channah, Ill., who had labored in the field from 1931 to 1940, also joined the congregation in spirit, wishing them God's continued blessings; Rev. A. Reiner, guest speaker for the day, had served the congregation from 1940 to 1946. Since then, the present pastor, Rev. E. B. Fox has been serving the congregation.

One of the highlights of the evening's entertainment was a skit prepared by Erhard Reinhardt, depicting the early life in the parish, its growth and blessings.

The evening closed with a devotion led by the Walthers Leaguers. This was followed by a light lunch at which a cake with fifty candles was also lit by Rev. and Mrs. Fox and then the candles extinguished by Mr. E. Peiper, president of the congregation, Miss Alvina Jans, president of the Walthers League, and Mrs. E. B. Fox, treasurer of the Ladies Aid.

CREMONA NEWS

(From Our Own Correspondent)

Congratulations to Mrs. Bagnall and her daughter, Jean, on their presentation of the play "The Counting of Marie Jervin" and several other items at an evening of entertainment in the school auditorium last Friday evening.

Word was received here this week of the death of the 16-year-old daughter of Mr. and Mrs. Frank Myrland. The Myrland family now resides of Kamloops, B.C., formerly lived in Cremona.

The annual meeting of the Credit Union will be held in the community hall, Friday night, Feb. 13th, 8:00 to 10:00.

The annual meeting of the curling club was held in Cremona last week. Mr. D. McInnis replaced Mr. Haley as secretary; Mr. M. Barle replaced Mr. Spence as secretary. Mr. Haley gave a detailed report of receipts and expenditures in regards to the building of the rink.

Sunday, February 2nd was Youth Sunday and the C.O.I.T. girls attended the United Church service in Cremona as a group.

Berry McKay, son of Mr. and Mrs. C. McKay, returned home Saturday following a tonsillectomy. Mrs. D. Brown and sons were Calgary visitors last week.

WEST NOTES

(From Our Own Correspondent)

Mrs. Earl Lewis spent a couple of days in the hospital last week. We are glad to report she is better.

Mr. and Mrs. E. W. Lewis visited with Mr. and Mrs. Vic Snyder-Miller at Sundre on Sunday.

Mr. and Mrs. Alfred Counts entertained some of the former bridge club last Wednesday evening in honor of Mrs. O. Krebs, who leaves this week to spend the rest of the winter in California. Among those present were Mr. and Mrs. A. L. Hogg and Mr. and Mrs. J. Bagshaw.

The Elktion bonspiel finished Saturday after a week of perfect curling weather. A report appears elsewhere in this issue.

Minister Writes On Health

The Editor, Didsbury Pioneer, Dear Sir:

Let us get one thing clear. If I seek sick I go to the doctor and he may save my life. Lives are being saved all the time in hospitals.

That however does not invalidate what I am saying, that moping up is not enough, we've got to turn the tap off.

God has given us medicine in his mercy to alleviate suffering and to heal us. He has given us doctors to help us when we get sick, but to use doctors and healing techniques as devices to evade right living is on the face of it gross stupidity.

If we think we can put our fingers up to any radical amendment of our way of living, but that is the big lie.

I could show you how in thousands of ways we are opening the door to disease and breakdown, accidents, happening because a man was quarrelling with his wife or boss, inefficiency through over-indulgence, all the effects of worry and fear, the effects of strain, loneliness, parents shirking their duties, merchants putting profits before service, a rotten economic system that is encouraging greed, there are just some of the things that are giving disease its big chance.

Such military strategy and every other kind of strategy would lead us to stop trouble at its source.

And why don't we stop it? Because we want to indulge our passions. We don't want to change our ways. We prefer hospitals and pills to the trouble of re-organizing our lives on right lines.

Next week I would ask you to consider what the Founder of Christianity has to say about sickness.

(Rev.) T. K. PALMER

Visitors were present from Oida, Carleton Place, Calgary, Lethbridge, Strathmore and Indian Head, Sask.

POLIO INOCULATIONS COMING UP

It will be a sad day when people who call for my attention must automatically be classified as moral weaklings - and this is the implication to ANYONE that received the second inoculation not later than July 31, 1957.

PLEASE NOTE: No third polio inoculations will be given at the regular Baby Clinic from Feb. 1st to March 15, 1958.

Cremona: Legion hall, Feb. 3rd, 10:30 to 12:30.

Calgary: The Church Hall, Feb. 10th, 8:00 to 11:30.

February 21st, 9:30 to 11:30.

Didsbury, Health Unit Office, February 17th, 9:30 to 11:30.

Oida: Olds School of Art, Feb. 18th, 10:00 to 11:30.

Sundre: Legion Hall, Feb. 18th, 10:00 to 12:00 noon.

4-H CLUB TO HOLD VALENTINE PARTY

Didsbury - Carstairs 4-H Dairy Club will hold its next meeting on February 14 at 8 p.m. in the Carstairs, crossroads, Calgary, Lethbridge, Strathmore and Indian Head, Sask.

It is hoped a goodly number of people will be informative to parents. The meeting will be chaired by Mrs. V. Turner, matron of the hospital, have arranged to bring to the attention of parents pertinent facts on polio.

Two films will be shown. The first, "They Dance Again", which shows the effects of polio and the treatment from the time of admission in a hospital until the person is able to walk again. The second film will deal with general treatment of polio, hydrotherapy, artificial limbs and the like. This should prove interesting and above all be very informative to parents.

The meeting will be chaired by Mrs. V. Turner as Rev. E. B. Fox will be conducting the last of a series of Sunday School Teachers Institutes in Calgary.

Ramblers Top In League With Eight Wins, One Loss

Didsbury Ramblers have shown respect for their opponents in the games played during the past week. They came up with three wins in as many games, two at home and one on the road, and now enjoy sole position of first place. According to unofficial reports they are now six points ahead of second place Oida, with a share of space will shortage this report but following is a short account of the games played:

DIDSBURY 8 - CARSTAIRS 2  
On January 30 the locals had little trouble with Carstairs as they roused them 8-2 on the local scene. Kemp and Irwin got two apiece with singletons going to B. Neufeld, Lavern Neufeld, L. Devine and Morgan.

DIDSBURY 9 - TROCHU 1  
Playing in Trochu on Saturday night Ramblers again showed they weren't moping when they slaughtered the home team by a 9-1 count. Devine and McCooy got three goals each, Morgan got a pair and K. McCooy tallied once.

DIDSBURY 8 - CARSTAIRS 2  
It was the same old story here on Tuesday night as Carstairs again took an 8-2 lacing. They just weren't in the game after leading for a short time in the earlier stages of the contest.

Devine rapped home two goals, while Lavern Neufeld, B. Neufeld, McLean, McCooy, Len Neufeld and Kemp blinked the light once apiece.

Doctor Disagrees With Letter

Carstairs, 30th Jan. 1958

The Editor, The Pioneer, Didsbury, Alberta, Dear Sir:

Mr. Palmer, in his letter to the editor last week, contends that by some moral re-alignment it is possible to prevent some 75% of disease, and as a result save 75% of hospital beds. The term disease is a wide one, and even includes "verbal diarrhoea", a condition which results from insufficient digestion of thought before committing ideas into words. This is one disease which is wholly preventable, and I suggest that Mr. Palmer should in future do his little share of prophylaxis by remembering this.

There are many ways of classifying disease - diseases which are due to infectious, traumatic, paediatric, geriatric, congenital, stress, etc., causes. It appears from Mr. Palmer's letter that he is particularly worried about stress diseases. There are just as readily developed in the daily routine by a minister as they can in the daily struggle on the Stock Exchange. I doubt if God would consider it a fault in a minister if he developed heart disease by putting a full effort into a difficult pastoral charge. Some ministers do.

No one, and least of all, no doctor, wishes "disease" on any person, but the sad circumstance remains that people do become ill, and though on occasion the illness may be due to a preventable cause, one should hesitate to be critical. The germ is just as much a part of Creation as the Human Being, and as long as there are germs and Humans, disease will result, regardless of the moral standing of the Humans concerned. A common cold can be a result of church attendance, but who would stay away from church for fear of infection.

It will be a sad day when people who call for my attention must automatically be classified as moral weaklings - and this is the implication to ANYONE that received the second inoculation not later than July 31, 1957.

option of Mr. Palmer's letter. I have been privileged to attend ministers of all denominations in a professional capacity. I have found them prone to "All the ills to which the human flesh is heir." The overall impression is that they have an above average share of moral fortitude, but, in another sense, they are sometimes bad patients in so much as they put their charge and its cares before the best interests of their own health.

The question of saving on drugs and hospitals is of concern to every doctor. I challenge Mr. Palmer to show me how 75% of the beds in the local hospital could be made needless. His reference to new wings on hospitals is pointed, but a visit to the local hospital will prove that the new wing there is for maternity cases, a wholly preventable "disease" - but who would be without it? Of the other cases I am sure that both patients and doctors will gladly give him access to the facts and let him decide whether the beds are occupied for want of some moral factor.

Mr. Palmer can have his pulpit fever as when he wants, but he must expect that his feeble imaginings will not go unchallenged in the minds of his congregation. Jesus KNOWS the fact without subjecting them to unwarranted criticism. He also made good a certain deficit at the marriage feast at Cana.

I will close by quoting Thompson's essay on Shelley - an atheist poet praised by a humble Christian - "Let us hope, rather than to audit material nature, where our dull eyes see only raiment, the finer eye of science has discovered life in putridity and vigour in decay, seeing dissolution even, and disintegration, which in the mouth of man symbolize disorder, to be in the works of God, undeviating order, and the manner of our corruption no less wonderful than the manner of our health."

Yours sincerely, (Dr.) T. P. OHEA

Home And School To See Polio Films

The February meeting of the Didsbury Home and School Association will be held on Monday, Feb. 10 beginning at 8 p.m. in the school auditorium. Mr. P. Rose, chairman of the health committee, together with Mrs. V. Turner, matron of the hospital, have arranged to bring to the attention of parents pertinent facts on polio.

Two films will be shown. The first, "They Dance Again", which shows the effects of polio and the treatment from the time of admission in a hospital until the person is able to walk again. The second film will deal with general treatment of polio, hydrotherapy, artificial limbs and the like. This should prove interesting and above all be very informative to parents.

The meeting will be chaired by Mrs. V. Turner as Rev. E. B. Fox will be conducting the last of a series of Sunday School Teachers Institutes in Calgary.

NO FARMERS' SPIEL THIS YEAR

Due to an early lack of ice the curling club and the Board of Trade have decided against holding the annual farmers' bonspiel this year.

Elktion Bonspiel Proves Big Success

A most successful bonspiel got off to a good start at Elktion on January 27, with the rinkmen from Cremona, Oida, Carstairs, Didsbury and Carstairs and seven local rinks in action.

With the weatherman at his best and Elktion's traditionally straight and keen ice surface, the competition got keener as the week went by and on Saturday night the following rinks had won the four events:

Beracht, 1st event: Geo. Whitlow, Cremona.  
Purity 9, 2nd event: C. Kirs, Carstairs.  
Olds, Elktion, 3rd event: K. Brain, Cremona.  
Consolation, 4th event: Ken Belous, Elktion.

The Elktion Club would like to thank the rinks from other clubs for helping to make the event a success. Also a thank-you to the businessmen of Didsbury for donations of prizes and to the ladies of the Elktion Club for serving the "burgers", pie and coffee.

The draw for the electric blanket was held Saturday and won by Mr. Walter Melness.

Lions Concert Friday

Don't miss the Lions Club concert on Friday night in the school auditorium. The show will feature the Alabama Minstrels, a talented cast of local fun-makers, directed by Vance Shields. In addition there will be a short play by Didsbury grade nine students entitled "The Rest Room."

The show begins at 8:00 p.m. and proceeds will go to the post room fund. Admission 50c and 25c.

**Kinsmen Corner**

Next Kinsmen meeting will be held on March 2nd, February 15, National Kinsmen Week. The Didsbury club will hold a ladies' night in the Lions Club at 7:30 p.m.

Didsbury Kinsmen participated in a bonspiel at Three Hills on Jan. 26th but were unable to come home with any of the silverware.

## THE LOCAL NEWSPAPER MAINTAINS ITS INFLUENCE

- How often a successful executive, far from his small-town birthplace — maintains his contacts through regular receipt of his weekly newspaper.
- There is nothing quite like a small town weekly for neighborly news and intimate contacts.
- People in the advertising business talk about selected audiences — sharply focused circulation. They have learned from experience that when a publication is specially edited to appeal to the specific interests of a smaller group of people, its opportunities to make sales are multiplied many times over.
- The weekly newspaper is that kind of publication. Whether its circulation is a few hundred or a few thousand, it represents effective circulation.
- Gather the towns-people and farm folk around you when you advertise. Surround yourself with friendly neighbors — deliver your advertising message through your local weekly newspaper.

58.2 Per Cent of Canada's population live in places of 10,000 or Less. THESE ARE WEEKLY NEWSPAPER MARKETS.

## Just For The Record . . .

Letters to the editor, where a controversial subject gets opposites into the picture, are the pride and joy of any newspaper. (It sells papers, and that's what we're here for). In this issue we have a pair of letters which no doubt carry a lot of reader interest. The writer of this column is not taking sides, as yet, but when the lightning strikes we could make ourselves a few bad friends and maybe cement relations with others; that's an occupational hazard we have to contend with. The way we see it personalities shouldn't creep into the show. It might be well for both correspondents to check this wee phrase we remember having heard in earlier days: "If we were perfect we wouldn't be here!"

## Just For The Record . . .

The Lions Club will hold another of its popular variety concerts in the school auditorium on Friday night. Local talent will again highlight the show and the few pennies you spend at the door will be amply returned by the stage performance. You won't be making a donation — you'll be paying to see and hear a fine evening of entertainment.

## Just For The Record . . .

The date for another vote on hail suppression is knocking on the door. This year the deal offered by the corporation in charge of the "smokers" has been changed considerably, but it still remains in the hands of the affected ratepayers whether or not they desire to put the deal into effect for the coming crop year. This paper invites comments from anyone, pro or con, as to their views on the situation. Write a letter, sign your name, and we'll sure enough print it.

## And Then There's The One About . . .

The best way to tell whether a man is having a good time at the party: "take a look at his wife's face!"

## What Other Papers Say . .

**THE RED DEER ADVOCATE**  
says . . . There was and is a good case to be made out for eliminating taxation on improvements always provided that the resulting burden on the land does not become too heavy but to eliminate the tax on improvements and put on a sales tax would be moving from the frying pan into the fire.

To add a provincial sales tax in exchange for no tax on improvements would be a bad bargain. It would bear unfairly on the lower income people who must spend a high proportion of their wages on food, clothing and shelter and it would not relieve the individual property owner to any extent.

## Canadian Wrestlers Highest Paid Actors

For pulling hair, punching noses, and being bounced about like a rubber ball, Canadian wrestlers may earn as much as \$100,000 a year, reports Robert Walker in the current issue of Liberty.

Leading the collection of "Canada's highest priced athlete talent" is Whipper Billy Watson. The famous bone-bending Billy earns an estimated \$50,000 a year. In the U.S., character actor Gorgeous George pulls down an annual \$100,000.

As a TV attraction, wrestling is second only to hockey in the sporting city of Montreal. Canadian TV pays well for these crowd-drawing hulks of beef — to the tune of about \$500,000 a year.

These coarse, crude, blubbery hulks of flesh that you see on your TV screen, often have indications of intelligence, even refinement, says Liberty.

Britain's well known leg-twister, Lord Athol Layton, frequently attends the ballet and the opera. "Wrestlers are," says Walker, "probably the most articulate, intelligent athletes to be found."

To suggestions that wrestling was phony, Whipper Billy Watson gave a cryptic reply that "wrestling requires a certain amount of showmanship." But it is never rehearsed, added Watson.

## Calendar Our Master ???

The calendars are hung upon the wall. Some are big and some are small: We all take a look at them to see. Just what the day is going to be.

The calendars are used by everyone. Wherever they have a moon and a sun, we seem to need them every day. Whether at work or whether at play.

When Clarence takes his girl for a spin, The calendar tells him what phase the moon is in: So he can drive around and neck and spoon. By the light of the stars, and a big full moon.

When you go to the bank to get a loan, The banker will ask you what you own; Then look at the calendar to see the day.

When the note is due, and you have to repay, The farmers look at the calendar too. To see when the taxes are coming due; And to see if it's time to put in the crop. Or whether it's going to be dry or hot.

The ladies never look at a calendar, I've been told, For it makes them feel like they're growing old; But the teen-agers might just take the odd sly look, When making up their engagement book.

Time waits for no man, so they say, So let's make use of each calendar day; When you are called to that distant shore, You won't need a calendar anymore!

## OPINION ESSENCE OF OUR WAY

Several weeks Mayor Mackay of Calgary was chastised by a fellow council member for his alleged numerous absences from city council. Whether the mayor's trips to the Peace River, Ottawa and other places are warranted, we don't know. That's none of our business and strictly up to the citizens of Cow Town.

However, during the discussion on the mayor's actions, one point was brought out to the effect that certain councillors had been in office for a number of years, and had not even "opened their mouths" to give an opinion on matters pertaining to the administration.

In this regard, it seems to be a common fault with many organizations, besides such a body as a civic council. We have noticed at many meetings, public or otherwise, that some people fear to open their mouths and give an opinion, whether it is right or wrong. Most of them prefer to remain "on the fence," lest their opinion do them wrong or perhaps disclose their own ignorance.

On the other hand there is the type who likes to talk, presumably just to hear his own voice. But these are in the minority.

We like to hear an opinion, however well it is expressed. It is the very essence of our way of living. Speech is free in this country. In this day and age there is not much room for those who assume office, to simply keep a seat warm, or fill another place at the banquet table. "Speak up, or forever hold your peace."

SERVICE  
BOARD  
NOTES  
— By —  
W. E. SNYDER  
Agricultural  
Service Board

SOIL ANALYSIS:— Almost daily  
some farmer talks over his own  
particular problem with me. Very  
frequently the trend of the conver-  
sation has to do with declining pro-  
ductivity of the farm land. Much  
of the land in this district was  
settled about the turn of the cen-  
tury and some of it was broken  
then and farmed ever since.

That means that for over 50  
years the land has been in produc-  
tion. Where planned rotation and  
good soil management has been  
practised that land still is highly  
productive. Where it has been the  
policy to grow cereal crops suc-  
cessively, without rotation, much  
of the land has very depleted supplies  
of nitrogen and phosphorus, and  
other plant foods.

With a shortage of these vital  
plant elements it is simply impos-  
sible for that land to yield as it  
once did or as it now should.  
Increasing costs of production  
means that unless you can make  
your farm produce properly your  
budget will not balance and your  
farming operations may run in the  
red.

Increasing numbers of alert far-  
mers are having analysis made of  
their soils to determine what it is  
short on so that it can be added by  
some means, chemical fertilizer or  
plowing under green manure, such  
as sweet clover.

Soil analysis are made at the  
University of Alberta for a fee of  
75c each to cover cost of postage  
and handling. See your D.A. or  
myself for further details.  
I am setting Tuesday of every  
week for my office day from now  
on.

CIVIL DEFENCE DIRECTOR  
SENDS A MESSAGE

The director of Civil Defence for  
the Municipal District of Moun-  
tain View No. 49, Wm. J. Bagwell,  
advises that a trained team of lec-  
turers and instructors is available  
for engagement by P.U.A. groups,  
ladies' organizations, home and  
school associations and similar  
groups within the Municipality —  
without cost.

Applications for the engagement  
of this team should be sent to the

## MAKES SENSE !!!

The beginning of wisdom is the  
realization that the thing you are  
anxious about today won't seem  
important tomorrow.

## CHRISTIAN SCIENCE

Today's needs for proofs rather  
than professions of divine power  
will be emphasized at Christian  
Science services Sunday in the  
Lesson-Service entitled "Spirit."

Selections to be read from the  
Bible include the following promise  
of Christ Jesus (John 14:12): "Verily,  
verily, I say unto you, he that  
believeth on me, the works that I  
do shall he do also; and greater  
works than these shall he do; be-  
cause I go unto my Father."

From "Science and Health with  
Key to the Scriptures" by Mary  
Baker Eddy the following will be  
read (233:1): "Every day makes its  
demands upon us for higher proofs  
rather than professions of Chris-  
tian power. These proofs consist  
solely in the destruction of sin,  
sickness and death by the power  
of Spirit, as Jesus destroyed them.  
This is an element of progress, and  
progress is the law of God, whose  
law demands of us only what we  
can certainly fulfill."

THE  
Homemakers  
By HELEN HOWARD  
District Home Economist

Dear Homemakers:—  
Cold night? Give everyone a  
warm welcome home with a frag-  
rant, steaming bowl of hot soup.

Creamy Potato Parsley Soup  
3 cups diced raw potato  
1 cup diced celery  
1½ cups finely chopped onion  
2 cups water  
2 bouillon cubes  
3 cups milk  
½ cup chopped parsley  
½ cup flour

1 cup milk  
Salt and pepper to taste  
Cook potatoes, celery and onion  
in water until tender. Add bouillon  
cubes, 3 cups milk and chopped  
parsley. Blend flour with 1 cup of  
milk, mixing until smooth. Add to  
soup, stirring until blended. Con-  
tinue cooking, stirring gently until  
thickened (about 10 minutes). Sea-  
son to taste with salt and pepper  
and serve piping hot. Garnish with  
shredded cheese or chopped parsley.

"Mix and Match"  
Try the following combinations  
of canned soup to add variety:  
1 can tomato soup, 1 can green  
pea soup, 1 soup can water and  
1 soup can milk — or  
1 can tomato soup, 1 can clam  
chowder soup and 2 soup cans  
water, — or  
Vegetable soup with chicken or  
beef noodle soup — or  
Veg-Beef Soup —  
½ pound ground beef  
1 tablespoon shortening  
1 medium onion, chopped  
1 can vegetable soup  
1 can bean with bacon soup  
1 soup can water

Brown beef in shortening in pan.  
Remove beef. Brown onion in pan.  
Pour in soups, blend well; stir in  
the water. Simmer a few minutes  
to blend the flavors. Add beef to  
soup just before serving and heat  
together. Makes 4 to 6 servings.

Beautifully the "5th" Wall  
The walk of lightweight and  
heavyweights, scuffing and scrap-  
ing, dust and dirt — that's the  
treatment most floors have to put  
up with.  
Give your floors proper care:  
1. Don't scrub floors, or use soaps  
or abrasive powders. More linoleum  
is scrubbed away than is ever worn  
away.  
2. Don't use very hot water and  
don't flood the floors (water will  
seep under and rot the backing).  
Use lukewarm water sparingly.  
3. Paste wax gives a harder fin-  
ish and so is preferred for linoleum,  
cork and wood floors.  
Do not use wax on Asphalt or  
Rubber tile. Use only a liquid self-  
polishing wax (the solvent in paste  
wax causes the binder in asphalt  
tile to deteriorate and affects the  
color and adhesion of rubber tile).  
4. Persistent stains make even  
the shiniest floors look worn and  
marked. Fast action may save the  
day.  
To remove grease stains or spots  
from wood floors, add one table-  
spoon of ammonia to two quarts of  
water.  
Remove iodine stains with wood  
alcohol or with a weak solution of  
household ammonia.  
Mercurchrome stains may be  
moved with a weak vinegar solu-  
tion.  
Paint stains may be removed with  
turpentine, any regular cleaning  
fluid or one of the preparations  
made for the purpose.  
Marks on linoleum from composi-  
tion soles or heels may be re-  
moved by wiping with a cloth  
or moistened with kerosene or good  
cleaning fluid.  
To remove stains from wood  
floors caused by ink, pens, etc. —  
bleach with a paste of tri sodium  
phosphate and water. Leave on  
stain for two hours. Keep a damp  
cloth over it to keep moist. Rub  
thoroughly with a solution of one  
part vinegar to ten parts water.  
A trick to remember when grease  
is spilled — rub a piece of ice over  
the stain. This will harden the  
grease and prevent it soaking thru.

## DISTRICT NEWS

### M.V.B.C. NEWS

(From Our Own Correspondent)

The last week has been an unusual one at the College because of the interesting speakers that came to us. Miss Uchida, a missionary from Japan, was with us for a day, and brought slides from that country where she has been working with her brother. She will be returning in February and will prepare for us a typical Japanese dinner.

Mr. Myers of Calgary, who works with the Jewish people, presenting to them the New Testament teaching of Christ, was also a speaker. The picture he brought to us was of great interest for it was the Jewish Passover. The characters were actual Jews who had become Christian. It was intensely interesting and showed to us the great need among these people.

Rev. Bob Simpson brought to us the picture, "The Unfinished Task" last Tuesday. This is one of the best missionary films obtainable and was greatly appreciated by all present.

Rev. Carl Lehman from India spoke in chapel on Thursday and further challenged our young people with the great task of taking the Bible to lands who know not of it.

Last Friday evening the students and faculty of Menno Bible Institute were guests here during the evening. They presented a program in the chapel which was very interesting. After that the students showed the young folks through the dorms and classrooms and then gathered again in the dining room for lunch, which was served by our social committee under its chairman, Mervin Traub.

On Saturday evening the faculty and staff of the college had their annual get-together in Calgary. We were sorry that Mr. Waldin was unable to be present because of circumstances which arose in his business that same evening. It was an enjoyable evening and 15 persons were present.

Mr. Ormand Sherrick went to Edmonton Friday afternoon to attend an executive meeting of the Gull Lake summer camp committee. This young man is kept very busy with activities in the conference as well as in the school.

Miss Gladys Eby was guest speaker in the Mountain View United Missionary Church on Sunday morning in the absence of the pastor, Rev. D. C. Eby. She was accompanied by the jubilaire male quartet from the college, who rendered four excellent selections during the service.

Rev. Taylor taught all of the adult classes in the Didsbury church on Sunday. It was a new venture and the lesson lent itself to mass teaching. Next Sunday he will teach the lesson to the young people, who will gather in with their own for the Youth Convention which begins on Friday evening. A good registration for these services is indicated already.

Two Gospel Service League groups were actively engaged in churches on Sunday. One went to Hoadley, where Rev. Orland Boettger is pastor, and the other to Norder to the Indian Reserve. Six young people make up each group. Clifford Reimer and Fred Martin were the convenors of these two groups.

### Notes From D.A.

By HOWARD J. FULCHER

Barley sold for malting has been a very important source of revenue to many farms. Olli is the best variety to grow in this area for the malting market. There are other malting varieties such as Montcalm and O.A.C. 21; these are not recommended here. Parkland and lately Gateway have been accepted for C.W. malting grades; the malsters however have indicated they are not prepared to buy Gateway for malting and indications are Parkland may meet the same fate.

When growing Olli barley for malting sale, it is important to have good seed which is pure as to variety. This helps to ensure a uniform sample of grain in the fall without the immature kernels which will be present if the seed is contaminated with some later maturing variety of barley.

In this area there are a number of recommended barley varieties. Olli is an early maturing, rough awned malting barley. Gateway is a good barley which out-yields Olli, is smooth awned and early maturing. Wolfe is a very strong strawed, fairly early maturing feed barley; it is about five days later in maturing than Olli but usually superior in yield.

Vantage is a later maturing feed barley which is a high yielding, smooth awned, strong strawed variety; awns are difficult to remove in harvesting.

The first three mentioned barley are all quite early in the 93-98 days to maturity group. The later two Vantage and Husky are heavy yielding varieties but take about 10 more days to mature.

### Midway News

(From Our Own Correspondent)

The opening bonspiel of the year was won by the following rinks: First event: 1st, H. Shells; 2nd, Allan Marsh. Second event, 1st, Frank Taylor; 2nd, Paul Hauer. Congratulations go out to Mr. and Mrs. Fred Hoskin, who will celebrate their 50th wedding anniversary on Thursday, Feb. 6th. Gramma Richardson spent the last week in hospital but will soon be home again. We understand Master Dennis Harder will return home soon from hospital.

Lyle Brown and Irene Klassen each spent a few days in hospital. Mr. and Mrs. Walter Fulkert of Innisfree visited with friends and relatives in the district over the weekend.

The ladies of the W.A. met recently at the home of Miss Merle Siebert with 10 members present. Election of officers resulted as follows: president, Mrs. M. Stearns; vice-president, Mrs. H. Swanson; secretary, Mrs. W. Stearns; treasurer, Mrs. John McNaughton; convener, Mrs. A. Marsh; visitor, Mrs. O. Hoskin; program, Miss Merle Siebert.

### Westcott News

(From Our Own Correspondent)

Mr. and Mrs. Herbert Goetjen spent part of last week at Veteran, visiting with their son-in-law and daughter, Mr. and Mrs. Lyle Johnson and family. They were accompanied home by Miss Mary Page, who had also been visiting at the Johnson home. The latter leaves for Calgary this week to enter the Holy Cross hospital as a nurse in training.

Mrs. Elaine Card accompanied friends to Calgary at the weekend, where she plans to reside in the future.

Mr. and Mrs. John Stevenson, Sandra and Kathy, of Sundre, and Mrs. Inez Bantling, were Sunday afternoon guests at the H. Goetjen home.

We again send our best wishes to Mr. Gordon Ford, who is still hospitalized but showing steady improvement.

### MOUNTAIN VIEW

(From Our Own Correspondent)

Mr. and Mrs. A. L. Hansen and daughter were Sunday dinner guests with Mr. and Mrs. Arthur Gebers.

Last Sunday evening visitors with Mr. and Mrs. L. Hunter and family were Mr. and Mrs. Walter Scheidt and Barbara.

Mr. and Mrs. Henry Martins and family were Sunday evening visitors with Mr. and Mrs. Arthur Gebers. Sympathy of the district is extended to Mr. and Mrs. Lyle Shultz and family in the passing of the latter's father. Mr. and Mrs. Shultz motored to Lundbreck on Tuesday to attend the funeral on Thursday.

There will be a show on Friday, February 7th, in Mountain View hall, the monthly show. Pot luck lunch.
